John H. Campbell, one of the speakers, gave an illustration of "hitting back" at Croker for criticising Colonel Roosevelt's administrati n of the Police Department. He said:

"Richard Croker's reference to uncaptured murderers under the Roosevelt administration is Police Commissioner was the worst 'break' he ever made. Several hur dred people were in the street, and a number of them followed the carriage until the driver in the street in some way or other learned that Colonel Roosevelt was going by, and frequently the boyish voices would break out in cheers for

cially a Republican candidate. This ward is known as one of the hotbeds of Democracy, and scant courtesy is meted out to Republican speakers or doctrine. Everybody was waiting to see how Colonel Roosevelt would be received. It looked to be an impossibility to force one's way into the hall when the candidate's carriage drove up to the door of Sackett Hall, Sackettst, near Hoyt-st. The police with difficulty cleared a passage to the stage. It was esti-mated that fully two thousand men were in the hall. There was a shout and a cheer as Colonel Roosevelt pushed up to the front. My Fellow-citizens. I have come here to say a word to you not merely as Republicans, but also to those honest Democrats who are constrained to revolt against the ring rule of Tammany Hall. I cannot fail to appeal to you as citizens of this State, as Americans, proud of your country, to stand with us in the effort to rebuke the insolent dictatorship of the man whose nominees are before you and, even as honest Democrats, who have the courage to stand with us in the right rather than with their natural party in the wrong as you know, those honest Democrats who dare to oppose Mr. Croker are made to feel the flare of his wrath, and I feel that you should surely strike hands with us in the effort to overthrow the supremary of that man who not only wishes to put forward absolutely his own throne but to stretch out and interfere with and make every man his slave. ("No doubt you're right," said a voice. "Exactly,") I think we can trust to the true principles of American citizenship to resist an attempt like that I ask your support not merely the support of my fellow-Republicans, not merely the support of these honest Democrats who place honor and patriotism above partisanship. That he made an extraordinary impression was evident by the genuineness of the cheer which was given as Roosevelt left the hall. It was the opinion that he had gained votes in an almost hopelessly Democratic crowd.

Not since Horatio Seymour spoke there in 1863 has the Athenseum, at Atlantic-ave, and Clinton-st., been so crowded as it was last night. The audience numbered nearly fifteen hundred, nearly all of whom were Scandinavians. Again Colonel Roosevelt was surrounded by an enthusiastic throng as he left the carriage and thist. entered it again. His speech was greeted with hearty and long continued applause.

I remember a couple of years ago, when Dr. Sleer was still in Buffalo, his saying that what we needed in civic life was not genius, not briliancy, but the ordinary, hundrum, every-day qualities of common sense and common honesty and courage. (Applause.) (Voice, "You have got them all." Laughter and applause.) Without courage, honesty avails but little. I have not got much use, my friends, for the timid good man. (Voice, "Nobody has.") Nobody else-quite right-exactly. I believe in the man who will smite with the sword of the Lord and of Gideon. (Laughter.) I believe in the man who will smite down vice, who will smite down dishonesty, who, when he stands up for what is decent and straight is not afraid to stand up. I have never seen any reason why the foes of good government should be allowed to monopolize the robust things, and they shall not. the following signed appeal in behalf of Justice Daly:

Justice Joseph F. Daly is a candidate for re-election to the Supreme Court. He is a representative efficient one of the ablest and most learned judges in the State and a Democrat.

The leader of Tammany Hall refused to renominate him for reasons purely personal to himself, although the general voice of the Bar requested it, and many of the most important and faithful Democrats, both in the city and State, urged it entestly.

Under the circumstances, I am sure that party considerations will not weigh with you.

The only thing said against him is that he has been on the bench twenty-eight years, and therefore ought to be retired, in the full strength of his powers. The tried ability and matured experience of a faithful Judge belong to the people, and the Democratic rule is to keep such men on the bench. Admiral Dewoy has been in the Navy longer, but the suggestion to turn him out for such a reason would be regarded as ridiculars?

I arge you carneatly to support with your vote and influences the election of this courageous impartial and wise Judge.

Your statement that I shall support Colonel Roosevelt is quite correct, as I regard his election and the success of the Republican ticket of deep importance to both State and Nation.

Robert P. Noah, Esq. No. 320 Broadway, *119.
Dear Sir: I have the honor to acknowledge the receipt of your very polite and cloquent letter of the 26th uit.
In reply thereto I must best to be excused from extending my support to Captain Chanier in his endeavor to represent the XIVth Congressional District at Washington.
The gentleman for whom I propose to vote stands just where he stood in 1895, firmly and unequivocally in favor of the maintenance of the gold standard. Where does your candidate stand on that question?

My candidate is unsparing in his denunciation of the indicial bench into the mire of partisan politis, where does your candidate stand on that question?

I do not dispute the fact as you state it of Cap.

Where does your candidate stand on that question?

I do not dispute the fact as you state it of Captain Chanler's distinguished ancestry, but you will pardon me for saying that such language sounds strange from one who claims to be an adherent of the Democratic party—the party that never loses a opportunity to proclaim its devotion to the word mon people.

The American people who elevated a rail-splitte, a tanner and a canal-driver to the Presidency judge a man for what he is and not for what his grandfather was.

'Honer and shame from no condition rise; Act well your part—there all the honor lies. The XIVth Congressional District is inhabited chiefly by people of a high grade of intelligence. They like a man who has the courage of his convictions and who will stand by them on all constants.
